Scientific Production

We present the summarized data of the scientific and technical production of Professor Wilson Sergio Venturini. These data were collected from the Curriculum Lattes and the technical-scientific production files of the Department of Structural Engineering. (SET-EESC-USP).

Master's Theses: 32
Doctoral Theses: 34
Books: 4
Book chapters: 13
Articles in journals: 77
Papers in events: 240

Supplementary, a search was carried out in the Web of Science database. The results obtained show 71 entry records that consist of articles published in journals and in events. Figures 1 and 2 below show the articles published per year, as well as the citations to these papers, that are indexed in this database from 1992 to 2011.

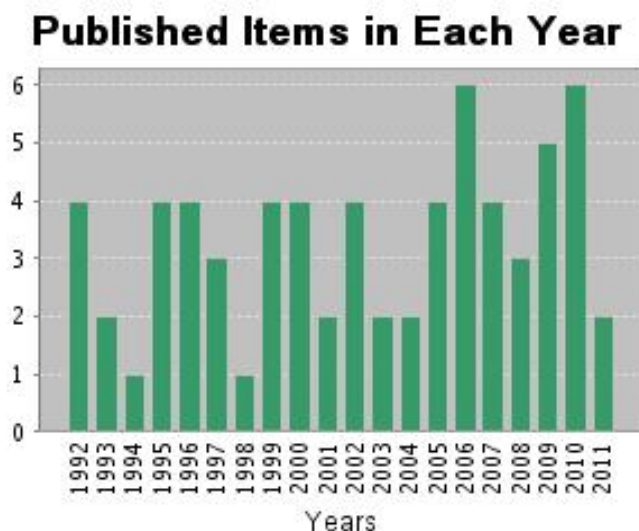

Figure 1 – Works indexed in the Web of Science. Source: ISI Web of Knowledge.

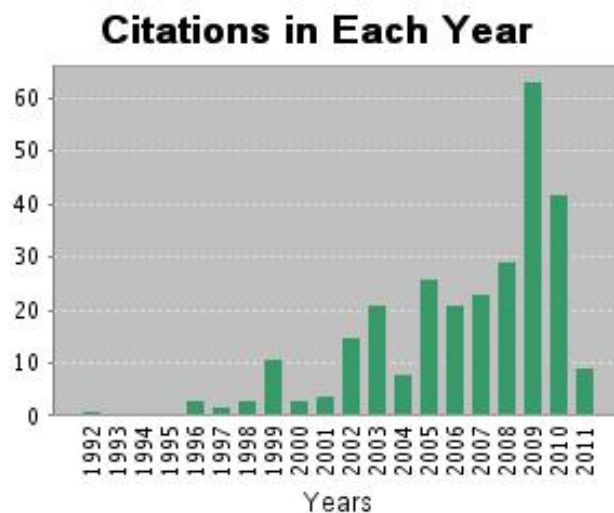

Figure 2 – Citations to the papers indexed in the Web of Science. Source: ISI Web of Knowledge.

It should be noted that the h-index of Professor Wilson S. Venturini is of 11 and the average citations is of 4 for each paper indexed. Considering only the articles published in scientific journals from 1992 to 2011, their average citation is of 5.87 (H-index=11).
